Licence number	10069935/1
Date of issue	02/06/2023
Date of effect	02/06/2023
Date of expiry	06/07/2024

Licence conditions

Your licence is subject to conditions set out in the *Radiocommunications Act 1992*. Your licence may also be subject to such other licence conditions as determined by the ACMA (in licence condition determinations) from time to time, and is also subject to special conditions as detailed on this licence.

The conditions that are imposed on a licence vary according to the type of licence issued, the service being operated and the section of the *Radiocommunications Act 1992* under which the licence has been issued. For further information about the conditions that apply to your licence, please contact the ACMA (see contact details below).

Rights of appeal

A decision by the ACMA to impose further conditions or revoke or vary the conditions of your licence may be reviewable. If you are affected by, and dissatisfied with, such a decision you may apply to the ACMA to have the ACMA reconsider the decision under section 288 of the *Radiocommunications Act 1992*.

An application for reconsideration must state the reasons for the request, and should be sent to the Customer Service Centre, Australian Communications and Media Authority, PO Box 78, Belconnen, ACT, 2616. Applications for review of decisions can be made using the R051 - Application for review of Decision form, available on the ACMA website.

Important

An application for the ACMA to reconsider a decision to impose or vary licence conditions must be made to the ACMA within 28 days of the day on which you are informed of the decision. An application for reconsideration made after that time may not be accepted.

ACMA contact details

Customer Service Centre
PO Box 78

Main Station Site

Station 1:

Site details

Site ID	10000571		
Site address	19-33 Morton Street, PORT MACQUARIE NSW		
Co-ordinates (GDA94)	Latitude: -31.436696	Longitude:	152.897726

Transmitter details

Assigned frequency	148.187500 MHz
Bandwidth	25.0000 kHz
Freq. assign. ID	0001504098
Transmitter power	5.00 W
EIRP	8.30 W
Emission designator	16K0F2D

Antenna details

Antenna ID	84186
Antenna polarization	V - Vertical linear
Antenna azimuth	
Antenna height (m)	15
Antenna type	Ground Independent Antenna-U

Special Conditions applying to Station 1

1. The licensee must only communicate with the licensee's paging receivers or mobile stations; and
2. The licensee, when using a low frequency inductive loop, must not cause interference to any Radiocommunications station or service and no protection from interference shall be afforded; and
3. Emissions from interior paging transmitters must be confined, as far as practicable, to within the limited area to be served.

No interference shall be caused to any Radiocommunication station or service and no protection from interference by such stations or services shall be afforded.

An efficient cavity filter must be fitted between the transmitter and the antenna.
