

Apparatus Licence

Issued by Delegate of the Australian Communications and Media Authority

Licensee details

Customer ID	435100
Licensee	Bureau of Meteorology
Licensee address	GPO Box 1289, MELBOURNE, VIC 3001

Licence details

Licence service	Earth Receive
Licence subservice	Earth Receive
Licence number	10730346/1
Date of issue	05/09/2023
Date of effect	04/09/2023
Date of expiry	23/09/2024

Licence conditions

Your licence is subject to conditions set out in the *Radiocommunications Act 1992*. Your licence may also be subject to such other licence conditions as determined by the ACMA (in licence condition determinations) from time to time, and is also subject to special conditions as detailed on this licence.

The conditions that are imposed on a licence vary according to the type of licence issued, the service being operated and the section of the *Radiocommunications Act 1992* under which the licence has been issued. For further information about the conditions that apply to your licence, please contact the ACMA (see contact details below).

Rights of appeal

A decision by the ACMA to impose further conditions or revoke or vary the conditions of your licence may be reviewable. If you are affected by, and dissatisfied with, such a decision you may apply to the ACMA to have the ACMA reconsider the decision under section 288 of the *Radiocommunications Act 1992*.

An application for reconsideration must state the reasons for the request, and should be sent to the Customer Service Centre, Australian Communications and Media Authority, PO Box 78, Belconnen, ACT, 2616. Applications for review of decisions can be made using the R051 - Application for review of Decision form, available on the ACMA website.

Important

An application for the ACMA to reconsider a decision to impose or vary licence conditions must be made to the ACMA within 28 days of the day on which you are informed of the decision. An application for reconsideration made after that time may not be accepted.

ACMA contact details

Customer Service Centre
PO Box 78
BELCONNEN ACT 2616

Telephone: 1300 850 115

Advisory Notes applying to licence no.: 10730346/1

Conditions applicable to the operation of Earth Receive station(s) authorised under this licence can be found in the Radiocommunications Licence Conditions (Apparatus Licence) Determination. Copies of this determination are available from the ACMA and from the ACMA home page (www.acma.gov.au).

Technical characteristics

Below is a summary of the technical characteristics of the licensed service. Further technical details not displayed here may be found on the ACMA website.

Station 1:

Sited details

Site ID	10017316		
Site address	Bureau of Meteorology Site, Lot 84 on Plan 212281 Minilya-Exmouth Road, Learmonth WA		
Co-ordinates (GDA94)	Latitude: -22.2406	Longitude:	114.0976

Receiver details

Assigned frequency	1.70130000 GHz
Bandwidth	4.500000 MHz
Freq. assign. ID	0002542001
Emission designator	4M50G1D

Antenna details

Antenna ID	91288
Antenna polarisation	CR - Right-hand circular or direct
Antenna azimuth	
Antenna height (m)	4
Antenna type	Parabolic

Advisory Notes applying to Station 1

The Master International Frequency Register (MIFR) is maintained by the International Telecommunication Union (ITU) in accordance with the Radio Regulations.

This licence authorises communications with METOP.

Special Conditions applying to Station 1

Operation of this earth station must be in accordance with frequency assignments recorded in the Master International Frequency Register (MIFR) of the International Telecommunication Union.

The service authorised by this licence shall accept interference from the Onslow (Site ID #32068) transmitter of licence #88714 to 45.1dB below the short-term protection level prescribed by ITU-R SF.1006, and 13.2dB below the long-term protection level prescribed by ITU-R SF.1006.
