

Apparatus Licence

Issued by Delegate of the Australian Communications and Media Authority

Licensee details

Licensee	CAPRICORN SPACE PTY LTD
Customer ID	20036448
Licensee Address	PO Box 2250, MOORABBIN, VIC 3189

Licence details

Licence type	Area Wide
Licence subservice	Area Wide - FSS Only
Licence number	12146236
Date of issue	17/08/2023
Date of effect	17/08/2023
Date of expiry	17/08/2028

Licence conditions

Your licence is subject to conditions set out in the *Radiocommunications Act 1992*. Your licence may also be subject to such other licence conditions as determined by the ACMA (in licence condition determinations) from time to time, and is also subject to special conditions as detailed on this licence.

The conditions that are imposed on a licence vary according to the type of licence issued, the service being operated and the section of the *Radiocommunications Act 1992* under which the licence has been issued. For further information about the conditions that apply to your licence, please contact the ACMA (see contact details below).

Rights of appeal

A decision by the ACMA to impose further conditions or revoke or vary the conditions of your licence may be reviewable. If you are affected by, and dissatisfied with, such a decision you may apply to the ACMA to have the ACMA reconsider the decision under section 288 of the *Radiocommunications Act 1992*.

An application for reconsideration must state the reasons for the request, and should be sent to the Customer Service Centre, Australian Communications and Media Authority, PO Box 78, Belconnen, ACT, 2616. Applications for review of decisions can be made using the R051 - Application for review of Decision form, available on the ACMA website.

Important

An application for the ACMA to reconsider a decision to impose or vary licence conditions must be made to the ACMA within 28 days of the day on which you are informed of the decision. An application for reconsideration made after that time may not be accepted.

Stations authorised by this licence

This licence authorises the operation of one or more area-wide stations, where each station:

- (1) Operates within the frequency range described in table 1;
- (2) Is located within the geographic area described in table 2;
- (3) Operates in compliance with the technical requirements *Radiocommunications Licence Conditions (Area-Wide licence) Determination 2020* applicable to the station; and
- (4) If additional technical characteristics are detailed on the conditions to this licence, operates in compliance with those technical characteristics.

Table 1: Frequency bands and geographic areas of this licence

Identifier	Geographic areas	Lower limit	Upper limit
A	1	27500	30000

Table 2: Description of the geographic areas of this licence

Geographic areas	HCIS identifiers
1	MT1O, MT4C

Conditions of operation

- (1) The licensee must not operate a radiocommunications device under this licence that is not an earth station.
- (2) The licensee must not cause harmful interference to an existing or future radiocommunications receiver communicating with a transmitter operated under another area-wide licence (the other licence) which was first issued before this licence and authorises operation in the same frequency range and geographic area as this licence, if that receiver is located within an area authorised by the other licence and is operating in the frequency range:
 - a) 24.7 - 27.5 GHz, or
 - b) 27.5 - 28.1 GHz inside an area subject to the *Radiocommunications (Spectrum Re-allocation - 26 GHz band) Declaration 2019*.

Advisory Notes

Further conditions

Further conditions applicable to the operation of AWL stations authorised under this licence can be found in the *Radiocommunications Licence Conditions (Apparatus Licence) Determination 2015* and the *Radiocommunications Licence Conditions (Area-Wide licence) Determination 2020*. Copies of these determinations are available from the ACMA and from the ACMA home page (www.acma.gov.au).
