Apparatus Licence

Issued by Delegate of the Australian Communications and Media Authority

Australian Government | acma

Licensee details

Customer ID	1144148
Licensee	Thuraya Telecommunications Company
Licensee address	PO Box 33344, Abu Dhabi, UAB

Licence details

Licence service	Space
Licence subservice	Space
Licence number	1906749/1
Date of issue	02/01/2024
Date of effect	02/01/2024
Date of expiry	03/01/2025

Licence conditions

Your licence is subject to conditions set out in the *Radiocommunications Act 1992*. Your licence may also be subject to such other licence conditions as determined by the ACMA (in licence condition determinations) from time to time, and is also subject to special conditions as detailed on this licence.

The conditions that are imposed on a licence vary according to the type of licence issued, the service being operated and the section of the *Radiocommunications Act 1992* under which the licence has been issued. For further information about the conditions that apply to your licence, please contact the ACMA (see contact details below).

Rights of appeal

A decision by the ACMA to impose further conditions or revoke or vary the conditions of your licence may be reviewable. If you are affected by, and dissatisfied with, such a decision you may apply to the ACMA to have the ACMA reconsider the decision under section 288 of the *Radiocommunications Act 1992*.

An application for reconsideration must state the reasons for the request, and should be sent to the Customer Service Centre, Australian Communications and Media Authority, PO Box 78, Belconnen, ACT, 2616. Applications for review of decisions can be made using the R051 - Application for review of Decision form, available on the ACMA website.

Important

An application for the ACMA to reconsider a decision to impose or vary licence conditions must be made to the ACMA within 28 days of the day on which you are informed of the decision. An application for reconsideration made after that time may not be accepted.

Certain information contained in this licence record will be disclosed in the Register of Radiocommunications Licences (RRL), established and maintained pursuant to Part 3.5 of the *Radiocommunications Act 1992.*

Special Conditions applying to licence no.: 1906749/1

(1) Prior to the frequency assignments being recorded in the Master International Frequency Register (MIFR) of the International Telecommunication Union (ITU), this space station may operate in accordance with the operating parameters published by the ITU in Special Section CR/C 1354 EMARSAT-4S of International Frequency Informatio Circular (IFIC) 2536 and in accordance with any agreements reached as a result of an ITU frequency coordination process.

(2) Transmissions must not occur in circumstances that result in harmful interference to stations outside of Australia where these stations are operating in accordance with the Radio Regulations of the International Telecommunicatior Union except where the transmissions are in accordance with any agreements reached as a result of an ITU international frequency coordination process.

Advisory Notes applying to licence no.: 1906749/1

Conditions applicable to the operation of Space Station(s) authorised under this licence can be found in the Radiocommunications Licence Conditions (Apparatus Licence) Determination. Copies of this determination are available from the ACMA and from the ACMA home page (www.acma.gov.au).

(1) The Master International Frequency Register (MIFR) is maintained by the International Telecommunication Unio (ITU) in accordance with the Radio Regulations.

(2) Coordination agreements reached as a result of an ITU international frequency coordination process are intende to minimise the potential for harmful interference to radiocommunications stations. A radiocommunications station operated prior to a frequency assignment being recorded in the MIFR cannot necessarily claim protection from harmful interference from radiocommunications stations of other countries.

Technical characteristics

Below is a summary of the technical characteristics of the licensed service. Further technical details not displayed here may be found on the ACMA website.

Station 1:

Area wide details	
Area ID	1
Area name	Australia-wide

Transmitter details	
Assigned frequency	1.53698450 GHz
Bandwidth	1,000.00 Hz
Freq. assign. ID	0000510025
Transmitter power	0 mW
EIRP	199.53 kW
Emission designator	1K00G7W
Antenna details	
Antenna ID	1
Antenna polarisation	CL - Left-hand circular or indirect
Antenna azimuth	
Antenna type	Unknown antenna type, size or specifications-
