

# Apparatus Licence

Issued by Delegate of the Australian Communications and Media Authority

## Licensee details

Customer ID	46975
Licensee	Department of Defence
Trading name	Director Defence Spectrum Office
Licensee address	D DSO APW-GF-173, Anzac Park West PO Box 7953, CANBERRA BC, ACT 2610

## Licence details

Licence service	Earth
Licence subservice	Fixed Earth
Licence number	1949906/1
Callsign	AX437
Date of issue	11/09/2023
Date of effect	11/09/2023
Date of expiry	19/09/2024

## Licence conditions

Your licence is subject to conditions set out in the *Radiocommunications Act 1992*. Your licence may also be subject to such other licence conditions as determined by the ACMA (in licence condition determinations) from time to time, and is also subject to special conditions as detailed on this licence.

The conditions that are imposed on a licence vary according to the type of licence issued, the service being operated and the section of the *Radiocommunications Act 1992* under which the licence has been issued. For further information about the conditions that apply to your licence, please contact the ACMA (see contact details below).

### Rights of appeal

A decision by the ACMA to impose further conditions or revoke or vary the conditions of your licence may be reviewable. If you are affected by, and dissatisfied with, such a decision you may apply to the ACMA to have the ACMA reconsider the decision under section 288 of the *Radiocommunications Act 1992*.

An application for reconsideration must state the reasons for the request, and should be sent to the Customer Service Centre, Australian Communications and Media Authority, PO Box 78, Belconnen, ACT, 2616. Applications for review of decisions can be made using the R051 - Application for review of Decision form, available on the ACMA website.

### Important

An application for the ACMA to reconsider a decision to impose or vary licence conditions must be made to the ACMA within 28 days of the day on which you are informed of the decision. An application for reconsideration made after that time may not be accepted.

## ACMA contact details

Customer Service Centre  
PO Box 78  
BELCONNEN ACT 2616

Telephone: 1300 850 115  
Email: [info@acma.gov.au](mailto:info@acma.gov.au)

ACMA website: [www.acma.gov.au](http://www.acma.gov.au)

Certain information contained in this licence record will be disclosed in the Register of Radiocommunications Licences (RRL), established and maintained pursuant to Part 3.5 of the *Radiocommunications Act 1992*.

## **Special Conditions applying to licence no.: 1949906/1**

1. Frequency assignments are not yet recorded in the Master International Frequency Register (MIFR) of the International Telecommunication Union.

## **Advisory Notes applying to licence no.: 1949906/1**

Conditions applicable to the operation of Fixed Earth station(s) authorised under this licence can be found in the Radiocommunications Licence Conditions (Apparatus Licence) Determination. Copies of this determination are available from the ACMA and from the ACMA home page ([www.acma.gov.au](http://www.acma.gov.au)).

4. Earth station transmitters are capable of causing unacceptable interference to other radiocommunications service: The level of this interference potential is such that Earth station transmitters can cause unacceptable amounts of denial of spectrum for other radiocommunications particularly in areas of high spectrum demand.

5. As a result the ACMA is developing a policy intended to address this issue which may result in a requirement for Earth station transmitters to be located sufficiently distant from areas of high spectrum demand to reduce their impact on spectrum availability.

1. This licence authorises communications with USGOVSAT-11R satellite.

2. The typical operating bandwidth of this service is 60MHz anywhere within the licensed bandwidth.

3. Permanent siting arrangements for this Earth station are under discussion between ACMA and the Department of Defence. The issue of this licence does not mean that an assigned frequency of any other frequency will be available to the licensee at this site beyond the expiry date of the licence.

## Technical characteristics

Below is a summary of the technical characteristics of the licensed service. Further technical details not displayed here may be found on the ACMA website.

### Station 1:

Site details	
Site ID	9579
Site address	4.5 Metre Earth Station, HMAS Harman, HARMAN ACT 2620
Co-ordinates (GDA94)	Latitude: -35.35233 Longitude 149.200736
Transmitter details	
Assigned frequency	7.93750000 GHz
Bandwidth	75.000000 MHz
Freq. assign. ID	0000511141
Transmitter power	400.00 W
EIRP	
Emission designator	75M0G7D
Antenna details	
Antenna ID	13411
Antenna polarisation	M - Mixed
Antenna azimuth	3
Antenna type	Parabolic-P
