Licence number	470259/1
Callsign	1A16
Date of issue	07/08/2023
Date of effect	07/08/2023
Date of expiry	13/06/2024

Licence conditions

Your licence is subject to conditions set out in the *Radiocommunications Act 1992*. Your licence may also be subject to such other licence conditions as determined by the ACMA (in licence condition determinations) from time to time, and is also subject to special conditions as detailed on this licence.

The conditions that are imposed on a licence vary according to the type of licence issued, the service being operated and the section of the *Radiocommunications Act 1992* under which the licence has been issued. For further information about the conditions that apply to your licence, please contact the ACMA (see contact details below).

Rights of appeal

A decision by the ACMA to impose further conditions or revoke or vary the conditions of your licence may be reviewable. If you are affected by, and dissatisfied with, such a decision you may apply to the ACMA to have the ACMA reconsider the decision under section 288 of the *Radiocommunications Act 1992*.

An application for reconsideration must state the reasons for the request, and should be sent to the Customer Service Centre, Australian Communications and Media Authority, PO Box 78, Belconnen, ACT, 2616. Applications for review of decisions can be made using the R051 - Application for review of Decision form, available on the ACMA website.

Important

An application for the ACMA to reconsider a decision to impose or vary licence conditions must be made to the ACMA within 28 days of the day on which you are informed of the decision. An application for reconsideration made after that time may not be accepted.

Certain information contained in this licence record will be disclosed in the Register of Radiocommunications Licences (RRL), established and maintained pursuant to Part 3.5 of the *Radiocommunications Act 1992*.

Special Conditions applying to licence no.: 470259/1

The licensee is required to place advertisments in newspapers circulating within the coverage area of the transmitter within 7 days of the commencement of operations, or changes to operation conditions of the transmitter, asking members of the public to contact the licensee if they believe that operation of the transmitter is causing interference another service.

The received signal in any area zoned residential (as determined by the Australian Bureau of Statistics data for towr and cities) shall not exceed 48 DBUV/M measured at a height of 10 metres above ground at any location more than km from the antenna.

The effective antenna height above average terrain shall not exceed 10 metres.

This licence can only be used to provide a low-power open narrowcasting service.

This licence is issued or renewed only for the period for which the frequency has been made available under section 34 of the Broadcasting Services Act 1992.

The licensee must ensure that no harmful interference shall be caused to the operation of any radiocommunication station or service. If the operation of the transmitter is causing interference to other services, the licensee is required at the licensee's own expense, to adjust, or fit devices to, receivers in order to eliminate or minimise that interference

Advisory Notes applying to licence no.: 470259/1

Conditions applicable to the operation of Narrowcasting Service station(s) authorised under this licence can be found in the Radiocommunications Licence Conditions (Apparatus Licence) Determination and the Radiocommunications Licence Conditions (Broadcasting Licence) Determination. Copies of these determinations are available from the ACMA and from the ACMA home page (www.acma.gov.au).

Technical characteristics

Below is a summary of the technical characteristics of the licensed service. Further technical details not displayed here may be found on the ACMA website.

Main Station Site **Station 1:**

Site details	
Site ID	51436
Site address	Tidbinbilla Visitors Ctr, TIDBINBILLA ACT 2620
Co-ordinates (GDA94)	Latitude: -35.447885 Longitude: 148.924833

Transmitter details	
Assigned frequency	88.000 MHz
Bandwidth	200.0000 kHz
Freq. assign. ID	0000502415
Transmitter power	1.00 W
EIRP	1.64 W
Emission designator	200KF8EHF
Antenna details	
Antenna ID	1180
Antenna polarization	V - Vertical linear
Antenna azimuth	
Antenna height (m)	0
Antenna type	Broadcasting transmit-

Advisory Notes applying to Station 1

The assigned frequency specified on this licence is taken to be the actual carrier frequency.

Special Conditions applying to Station 1

The licensee must comply with the emission standard for the Australian Frequency Modulation Sound Broadcasting Service.
